Policy Statement

Aurelia Training Ltd is strongly committed to practices that protect children, young people and vulnerable adults from abuse, neglect or significant harm. Staff recognise and accept their responsibility to develop the awareness of the risks and issues involved in safeguarding. The company also recognises that it has a responsibility to protect staff from unfounded allegations of abuse. The company is committed to working with existing local Children and Adult's Safeguarding Boards and other health and social care partnerships to ensure safeguarding of its learners. A member of the management team has received training and is the Designated Person for Safeguarding, ensuring that policy and practice is updated and kept current.

Definition

For the purposes of this policy and procedure children are defined in the Children Act of 1989 as a person under the age of 18 years. The Safeguarding Vulnerable Groups Act 2006 defines a 'vulnerable adult' as a person aged 18 and over and;

- Receiving a social care service
- Receiving a health service
- Living in sheltered accommodation
- Detained in custody or under a probation order
- Requiring assistance in the conduct of his/her affairs
- Receiving a service or participating in an activity targeted at older people, people with disabilities or with physical or mental health conditions

Accountability and Responsibility

Aurelia Training accepts that Safeguarding is the responsibility of all staff and has appointed a Designated Person with responsibility for Safeguarding from the Senior Management Team, who is accountable to the Managing Director. Incidents or concerns are reported directly to Managers and the Designated Person. The Designated Person is responsible for monitoring and managing incidents or concerns and liaising with safeguarding agencies. - All Learners complete Side by Side online modules as part of their course.
- All Assessors raise safeguarding at the beginning of training sessions to ensure Learners are aware of the opportunity to discuss any concerns.
- During observation of teaching and learning, failure to promote safeguarding with learners will limit observation grade to 3 and require additional actions and observations.

Criminal Record Bureau Checking

The company has a responsibility to ensure safe recruitment and employment practices. New and existing staff who frequently or intensively work with children, young people and vulnerable adults in training, supervision, care, advice, treatment and transport have to be checked through the Home Office for criminal record information, in line with the description of regulated activity in the Safeguarding Vulnerable Groups Act 2006 and as amended in the Protection of Freedoms Act 2012. CRB checks form part of the Disclosure and Barring Service which also incorporates the Independent Safeguarding Authority. All Assessors are required to undergo a DBS check as they may at any point be working with young people under the age of 18.

Statutory Framework

Aurelia Training Ltd aims to meet legislative requirements and good practice in safeguarding. The statutory framework under which we operate includes the Children Act 1989. This provides the legal framework for the protection of children and young people in the UK. The Protection of Children Act 1999 requires employers to carry out CRB checks before employees are allowed to come into contact with children. The Safeguarding Vulnerable Groups Act 2006 sets out the type of activity in relation to children and vulnerable adults for which employers and individuals are subject, this has been further clarified in the Protection of Freedoms Act 2012. The Prevent Agenda 2014 highlights the risks of radicalisation and extremism. The current Common Inspection Framework enables Ofsted Inspectors to make a judgement on procedures for safeguarding learners meeting current government requirements. They comment on policy, procedures, vetting and training as impact on learner's dictates.

Safeguarding of Learners under the age of 18 is covered by the following key pieces of legislation, which are highlighted as part of safeguarding training for all staff:

Keeping children Safe in Education (2018)

Working together to Safeguard Children (2018)

Sexual Violence and Sexual Harassment between Children (May 2018)
